MATRIC School
Knowledge is Truth

45-Years of Educational Excellence

SJSV Philosophy:

We aim to shape confident, compassionate citizens who face the world with skill, peace, and positivity.

WELCOME TO SJSV MATRIC

Sri Jayendra Saraswathi Vidyalaya (SJSV) was founded by Mrs. Dhanalakshmi Jayachandran and inspired by the late Shri D. Balasundaram to create an educational space that blends academic excellence with Indian cultural values.

Vision: Education for Life, Not Just for Exams

The founders believed that education should go beyond textbooks to shape:

- Strong Character
- Diverse Talents
- Global Exposure, Indian Values

Our Mission Today

With the blessings of HH Jayendra Saraswathi Swamigal, we continue to provide a modern, value-based learning environment focused on:

- Experiential Learning beyond rote methods
- Sustainability and environmental responsibility.
- Personal Growth through life skills, language enhancement, and emotional intelligence.

WHY JAYENDRA MATRIC ?

- 45 years of trust, nurturing three generations of learners.
- Think Cricket, Think Jayendra—athletes rising from fields to UK.
- Students reaching NASA, proving dreams have no boundaries.
- Global alumni gift IEEE membership, empowering future innovators.
- Students learn robotics hands-on with Misty II and MITI.
- Experiential learning leaders with XSEED curriculum and Tinkering Lab.
- Strong communication, ethics, empathy alongside technology-focused education.

ACADEMICS

At SJSV Matriculation School, academics are a progressive journey from joyful early learning to career-ready excellence. We follow Samacheer Kalvi enriched with XSEED experiential learning, STEAM, SEL, leadership, and global exposure, ensuring students excel in board exams while becoming confident, ethical, and future-ready.

Kindergarten

The early years focus on joyful learning and holistic development through a blend of:

Play-way & Montessori-based activities
XSEED Early Years framework
Early literacy & numeracy
Samacheer-aligned readiness skills
Values through slokas, yoga & mindfulness
Bunnies (Scouts & Guides) for discipline & independence

This stage builds confidence, independence, communication, motor skills, and cultural grounding.

PRIMARY SCHOOL (Class 1–5)

Primary years integrate XSEED, concept-based learning, and strong reading programs. Students build multilingual proficiency (Hindi, Tamil), digital literacy, and STEM curiosity. Support includes inclusive learning, SEL, safety education, and leadership-building activities.

The primary stage builds strong:

- Multilingual exposure (Tamil, Hindi from Class 3)
- ICT & Coding foundation
- Atal Tinkering STEM exploration
- Inclusive learning support (MDA partnership)
- SEL & safety curriculum
- International reading and phonics programs
- Reading, writing & communication
- Mathematics reasoning & numeracy
- Scientific curiosity & observation
- Academics are enriched with:
 - XSEED 5-step experiential learning

MIDDLE SCHOOL (Class 6–8)

Students deepen subject knowledge in Science, Mathematics, and Social Science while strengthening Tamil & English. Enhanced by STEAM labs, ICT, SEL, sustainability, and community outreach, ensuring no academic disadvantage against national/international boards.

Secondary (Class 9–10)

Dual-track model: Board excellence + national-level credentials. Students gain academic mastery with test series, while building profiles through NCC, Scouts & Guides, SGFI sports, ATL innovation, and communication programs

Higher Secondary (Class 11–12)

At SJSV, the Higher Secondary years prepare students for university, careers, and leadership. We deliver Samacheer Kalvi excellence strengthened by STEAM, SEL, employability skills, and real-world exposure.

Specialized Academic Streams

- Science with Computer Science / Biology / Business Maths
- Commerce with Business Maths or Computer Applications
- Vocational pathways (Auditing, Nursing Foundation, Textile Design, etc.)
- Tamil / French for linguistic advantage

-Board-aligned targeted test series

- Remedial and mentoring support for every learner
- Academic buffers for SGFI athletes to balance sports and studies

-Communicative English for interviews

- PEP & SEL: leadership, ethics, time management
- STEAM & ICT: Atal Tinkering Lab, robotics, applied sciences
- Sustainability & Outreach: health, environment, social responsibility

-Independent student governance

- Event leadership, peer mentorship, teamwork
- Builds confidence for top-tier universities

PEDAGOGY

To understand SJSV, one must first understand the foundation we build upon: the Samacheer Kalvi (Uniform System of Education). This state-mandated framework ensures that every child in Tamil Nadu, regardless of their background, has access to a standardized, high-quality curriculum.

**Equitable Education
(Samacheer Kalvi)**

Provides a common syllabus to bridge socio-economic gaps and ensure equal learning opportunities.

**The Power of Voice
(Language & Literacy)**

Students learn to speak and write confidently, matching national and international benchmarks.

**Information Commu-
nication Technology**

ICT integration equips them with digital literacy and responsible tech habits.

**Activity-Based
Learning (ABL)**

Early years learning shifts from lecture to hands-on exploration and analysis. Students move through aim-action-analysis- application-assessment for deeper understanding.

**Howard Gardner's
Multiple Intelligences**

We recognize diverse strengths—logical, linguistic, musical, bodily-kinesthetic, and more. By leveraging natural talents, students gain confidence and overcome academic challenges.

**SEL-Safety Integrat-
ed Pedagogy**

Emotional well-being and child safety are embedded into the learning process. Counseling, feedback systems, and awareness programs ensure safe, balanced growth.

NIOS- Sri Jayendra Saraswathy Vidyalaya Matric Hr Sec School offers the NIOS program, providing flexible, student-centered learning for those needing personalized schedules or alternative pathways.

Facilities

The school provides a well-developed infrastructure and a wide range of facilities to support holistic learning and overall student development. Each facility is thoughtfully designed to create a safe, comfortable, and enriching environment that enhances academic learning, creativity, physical well-being, and personal growth.

- ✔ **Jayendra Sports Academy** helps students at our school learn and play many sports. It gives training after school by good coaches. This makes Jayendrans better players and team workers.
- ✔ **Laboratories-** At SJSV, our well-equipped laboratories provide students with a safe, engaging, and stimulating environment to explore, experiment, and innovate.
- ✔ **Transport** The school provides a safe, reliable, and well-organized transport facility to ensure comfortable commuting for students from various locations.
- ✔ **Career Guidance** at our school is an integral part of the educational program, aimed at helping students identify their interests, strengths, & career aspirations.
- ✔ **The School Clinic** provides nutrition counseling to promote healthy eating habits among students. A trained nurse offers immediate medical assistance for any health concerns during school hours.
- ✔ The school is committed to promoting environmental responsibility and sustainable living through its **Green Campus** initiatives. Various eco-friendly practices are implemented within the campus to create awareness among students about conservation, recycling, and responsible use of resources.

ATAL Lab & IEEE Collaborations

Sri Jayendra Saraswathy Vidyalaya Matric Hr Sec School is a leading STEM and innovation hub in Coimbatore, hosting an Atal Tinkering Lab where Grades VI–XII engage in hands-on projects, coding, robotics, and problem-solving integrated with their academics. Students participate in year-round challenges, clubs, and competitions, fostering creativity, scientific temper, and an entrepreneurial mindset.

The ATL features advanced robotics like Misty II and the MITI Rover, gifted by alumnus Dr. Prasad Duraisamy, and includes IEEE collaborations for workshops and real-world learning. Through robotics, AI, and automation projects, students gain practical skills and exposure to 21st-century technology, preparing them for higher studies, research, and future STEM careers.

Enrichments

At Jayendra, we believe that education isn't just about what is in the textbook, but how a student interacts with the world. Our enrichment programs are woven into the school week to help students find their voice and their purpose.

Sports

Students receive inclusive, structured coaching that builds fitness, skill, discipline, and sportsmanship. Sports Offered : Cricket, Hockey, Basketball, Table Tennis, Kho-Kho, Volleyball, Skating, Football, Badminton, Kabaddi

Kalanjali

Kalanjali nurtures diverse talents through Multiple Intelligence-based competitions that celebrate student potential.

VILAYATTU POTTI

An internal sports platform that prepares students for competitive sports through exposure, skill-building, and sportsmanship.

Leadership Training

The School Council builds confidence, teamwork, and ethical leadership through real roles and responsibilities.

YOGA

Yoga builds physical fitness, mental focus, discipline, and emotional balance through daily practice and competitions.

Uniformed Services

Uniformed services like Kutty Cops & NCC instill discipline, leadership, civic responsibility, and national service through practical exposure, camps, drills, and outreach activities.

Outreach

The Eco Club builds environmental responsibility through conservation activities, sustainability campaigns, field learning, and community outreach.

Clubs

Our Clubs nurture compassion, social responsibility, environmental stewardship, and creative expression through animal care, community service, sustainability initiatives, and the arts.

Field Trip

At SJSV Matric, domestic and international field trips provide real-world exposure that builds independence, curiosity, and social awareness through experiential learning.

SRI JAYENDRA SARASWATHY VIDYALAYA MATRICULATION HIGHER SECONDARY SCHOOL

is committed to nurturing academic excellence alongside strong ethical values. Following a student-centric approach, the school emphasizes holistic development—balancing academics, co-curricular activities, and life skills. With modern facilities, experienced faculty, and a focus on experiential learning, SJSV Matric empowers students to grow into confident, responsible, and globally aware individuals.
